HUMCO Pumps

Honda Trash Pumps

Construction Pumps

The construction and rental businesses have relied on Honda Pumps for over twenty years. Why? In a word, performance. They're so durable there's virtually no downtime, yet they're extremely long-lasting. When it comes to value, what more could you ask for? Well, how about full frame protection, Honda reliability and a complete selection of models offering pumping capabilities up to 423 gallons per minute.

You get it all with Honda.

TRASH PUMPS

Honda trash pumps are specially designed for job sites and applications where high volume trash water capacity is required. Honda WT series pumps offer highly desired features including our legendary, easy-starting and reliable OHV commercial-grade engine, rugged full frame protection, quick release clean-out and durable silicon carbide mechanical seals. Other Honda WT features include a unique conical impeller for improved priming and durability, replaceable stainless steel wear plate for extended life and a convenient multi-tool for on-site pump servicing and clean-out.

WT Series Features

Convenient multi-tool for on-site pump servicing and clean-out.

Easy service access port.
